

Early Education Program

Children learn best from physical involvement with the learning process. In our program, children are encouraged to explore, experiment and make choices that will lead to a series of interrelated discoveries about their world. The teacher guides the child's learning, providing opportunities for a variety of learning experiences, while the child feels the joy and excitement of participating in his own successes.

The way a child perceives themselves influences their behavior and their ability to learn. Our program concentrates on the child's self-concept in the school environment. Each child is important, and feels individual worth.

In order to achieve maximum success in education, a child must first understand the concepts of learning. These concepts become his/her tools with which to work. Plumfield Pre-School & Kindergarten places a strong emphasis on promoting the concepts of language, mathematics and science, increasing sensory and perceptual skills, and developing the child's ability to solve problems.

Our Philosophy

The philosophy of Plumfield Pre-School & Kindergarten is to provide an exciting learning environment that fosters positive self esteem and focuses on the development of the whole child, socially, emotionally, cognitively and physically.

Our Curriculum

Plumfield Pre-School & Kindergarten recognizes that children learn best through play. Therefore, the curriculum has been designed with an age appropriate learning environment that recognizes the individual needs of each child and his/her natural curiosity for learning.

Our History

Plumfield Pre-School & Kindergarten opened in 1972 and is currently under the ownership and direction of Kim Cordoba. Kim has a long history with Plumfield, beginning as a 2½ year old toddler enrolled in the program. After completing a BS in Business Management, Kim received her Early Childhood Education certificate and now proudly carries on the Plumfield tradition of providing excellence in education for young children.

Admission Policy

As a preschool, Plumfield tailors it's hours of attendance to young children from 2 ½ to 6 years of age. All children must be potty trained prior to enrollment in our program. We do not discriminate based upon sex, ethnicity or religion. We foster the uniqueness brought by each child.

Staff

All staff members are selected on the basis of proven education, experience and maturity. A warm and caring attitude along with a sensitivity to a child's individual needs are prerequisites. Our staff maintains a high level of professionalism by frequently taking advantage of on-site training and seminars. Staff members meet all requirements of the State Department of Licensing.

Hours & Activities

Full Day Program: 7:00a.m. – 6:00p.m.

Each day the children will be involved in the following activities:

- Literature
- Science
- Freeplay
- Language Experiences
- Music and Movement
- Manipulative (pre-reading and pre-math)
- Creative Art
- Perceptual Motor
- Rest

Goals

- To provide an environment which promotes active exploration and interaction with adults, other children and materials with the teacher as a facilitator.
- To provide learning activities and materials that are concrete, real and meaningful to the lives of young children.
- To foster self-esteem through relationships with adults who express acceptance and respect for all children.
- To recognize that all children are different and to allow such differences to surface in daily activities.
- To allow outlets for the expression of each child's individual creative potential.
- To create an environment that allows children to utilize problem solving techniques with peers and adults in social situations with guidance and supervision as needed.
